A INCRÍVEL  
VIAGEM DE  
SHACKLETON

A MAIS  
EXTRAORDINÁRIA  
AVENTURA  
DE TODOS OS  
TEMPOS

*The Antarctic Continent extends from 98° to 160° E. Long  
It was discovered and explored by U.S. Expedition, Comd.  
Wilkes Commander Jan. 12<sup>th</sup> to Feb. 1840. The greatest  
portion of coast visible at one time was computed to be about  
75 miles in length and elevated some 3000 feet.*
